

UNITED AUTOMOBILE, AEROSPACE & AGRICULTURAL IMPLEMENT WORKERS OF AMERICA

September 26, 2014

Brothers and Sisters,

Our negotiations with the Boeing Company on our 2014 Collective Bargaining Agreement is moving into high gear as we near the expiration of the 2009 contract. We want to make sure our members are aware of the progress on this contract.

Starting Monday, September 29, 2014, UAW Local 1069 will be providing updates on negotiations on our website. You can access it at www.uawlocal1069.org. We will be make sure that you are aware of significant news as it happens as we get closer to the end of the contract.

At this time, we are exchanging proposals with the Company and discussing their issues on remaining competitive versus our issues on our members being able to provide a living for their families.

Please do not feed into rumors that are circulating through the plant. Rumors can be very divisive at this time and can play into member's fears about negative issues. Be assured that you and your families are foremost on our minds in the efforts to bring you a fair and equitable contract that recognizes your hard work and sacrifice.

On behalf of the Bargaining Committee, I'd like to thank all of you for your strength and support in these difficult times. Remember to **STAND UNITED!**

The General Membership Meetings are suspended during negotiations.

Yours in Solidarity,

Chris Owens
President
