

From October 11th through October 18th, we will attend the UAW Aerospace Council Conference.

This brings together UAW locals from across the country that represent aerospace workers at companies including Boeing, Lockheed Martin, Bell, and other aerospace manufacturers.

This conference is extremely important because it allows us to compare where we stand with other UAW-represented aerospace workers, discuss contracts and working conditions, and learn from the strategies other locals have used during their negotiations.

We also continue to work with the company regarding the possibility of beginning negotiations early.

SPEEA has reached another tentative agreement with the company. We will see how that vote goes and then continue discussions regarding possible future dates for our negotiations.

Keep an eye out for a lottery ticket raffle. All money will go towards our retiree fund. This money will help the retirees have lunch at their monthly meetings.

Our next General Membership Meeting will be Sunday, September 27th at 10:00 AM.

In Solidarity,

Jim Rugh
